With our *Petite Prints Deux* Collection, we have, once again, combined some of our favorite French General colors with our favorite small prints. Digging through flea markets in France, we are always happily surprised to find an old quilt or an old piece of fabric with a tiny print design. Collecting these petite prints, over the years, has become one of my very favorite things to look for in France! We hope you enjoy the petites and use them as much as we do!
