

Goldenrod

Modern. Distinctive. Bold. Eclectic. Those words describe 1Canoe2 and this new collection. Floral prints and geometric designs are hand-painted in navy, gold, olive, aqua and coral to create fabrics that work for every kind of personal style.

For quilts and bags, garments and home décor, Goldenrod works! Don't miss the hand-lettered panel print featuring our favorite quotes. They're the perfect size for pillows and tote bags.

BETH SNYDER

First collection – Tucker Prairie in 2015

Favorite Quilt Market memory – It was absolutely the Prairie Prom in Minnesota. From seeing Tucker Prairie decorating many of the tables to meeting so many of the Moda designers, it was an amazing evening spent laughing, chatting and dancing.

Favorite pre-cut – The Layer Cake. I like bigger pieces of fabric to play with but there's just something about this stack of fabric that appeals to me.

Years sewing and quilting – Thirty years! (I started young... lol.)

Who taught you to sew – My Mom. (She's a great seamstress and quilter.)
