

Forest Frost Glitter

moda

Between the woods and frozen lake,

*the darkest evening of the year... whose woods
these are I think I know. The only sound is
the sweep of easy wind and downy flake, the
woods are lovely, dark and deep.*

Robert Frost's *Stopping by Woods on a Snowy Evening* – with a few liberties taken. Only a poet could put into words the beauty of the woods in winter. From the snow-laden trees to the sparkle of snow, this collection captures the serenity of a forest covered in snow and frost.
