

New Designer!

Linn warme

Linn Warne is a Swedish surface pattern designer and illustrator who always knew her career path would be a creative one.

She studied for a BA in Textile Art and an MA in Textile Design at university. Linn started her career as a pattern designer for some of Sweden's largest fashion labels.

Today, Linn runs her own company, balancing life as a mother of two while continuing to pursue her passion for creating vibrant and unique pattern designs and illustrations.

Her work is full of life, often drawing inspiration from nature, color, and textiles—elements she explores in every design she creates.

Autumn Forest

Linnwarme

Autumn Forest is inspired by the changing seasons, how nature dramatically changes as summer gives way to fall. In Sweden, nature is all around, deer and hedgehogs are often seen in the garden, and the kids gather pinecones for crafts. The leaves are changing colors, and on forest walks, you can pick wild mushrooms and blueberries.

Linn Warme's collection captures the essence of this magical time of year. The designs showcase the beauty of the autumn season, where the rustling sound of leaves underfoot reminds us of the brisk winds calling for a new beginning.
