

Best of ombre confetti metallic V and Co.

Our best-selling V and Co. ombre (Ombre Confetti) now comes in a best-of collection of hues and precuts! In addition, we added a multicolored confetti background to make everything even more lively! With up to 6 shades in each of the ombres, our new projects will have the gorgeous movement in shades that only ombre can provide and bring to life whatever quilt you add these ombres to!

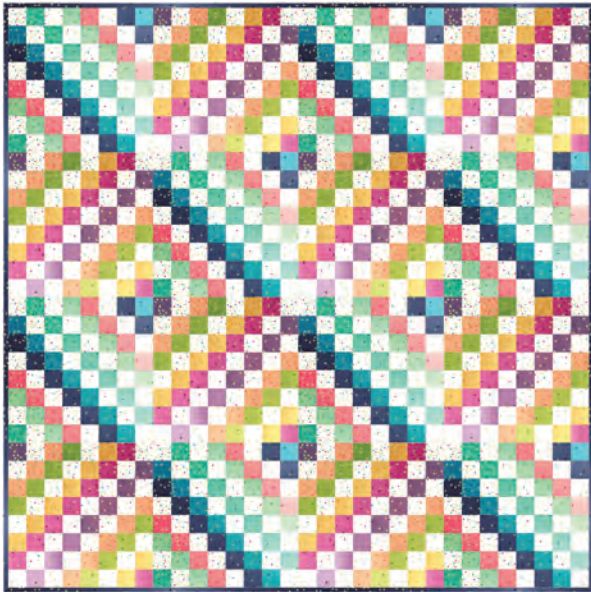

We have 3 new patterns and our number-one quilt pattern updated with a border and 10-color design.

You will not want to pass up this collection (especially those precuts)!
