

Wild Orchid

by Blackbird Designs

These wonderful wild prints were first released in 2017. The fabric line was used in our book, *The Raven*. The plaid print is used for the background of each of the nine blocks and offers a calm background for the large-scale prints used throughout the rest of the quilt. This fabric line really makes this autumn quilt spectacular. The movement of the applique shapes enhanced by the large-scale prints lends a feel of a windy autumn evening.

As many were not able to get this fabric the first time around, we are hoping more of you will be able to finish this project.
